

## Portable Emergency Beacon

Part No: BTI-NS-PFB

The PORTABLE EMERGENCY BEACON is similar to our standard Portable Fluorescent Beacon, but has been developed with a UK Fire Brigade especially for the emergency services application. It can be supplied either with 18W, 26W or 32W fluorescent tubes, giving an equivalent light output of a 200W tungsten bulb. It also has an additional LED flashing panel. This can be supplied with blue, red, Green or white LED's, which provide a powerful flashing warning light. The LEDs will operate for approx. 60 hours per charge. It can be recharged from its mains charger or vehicle charger.
